PROFESSIONAL SUMMARY

Computer Science and Engineering undergraduate at ABES Engineering College (CGPA 8.36/10) with demonstrated proficiency in HTML, CSS, C++, SQL, and MongoDB. Developed a full-stack Gamified Learning Platform leveraging database-driven architecture to enhance learner engagement. Participant in Unnat Bharat Abhiyan, applying technology to community impact. Seeking software engineering internship or entry-level role to contribute to product development teams.

EDUCATION

B.Tech in Computer Science and Engineering

ABES Engineering College, Ghaziabad, Uttar Pradesh | Expected May 2028 | CGPA: 8.36 / 10.0

- Relevant Coursework: Data Structures and Algorithms, Database Management Systems, Web Technologies, Object-Oriented Programming with C++
- Active contributor to technical clubs and community engagement programmes on campus

PROJECTS

Gamified Learning Platform

Academic Mini Project | 2nd Year | Tech Stack: HTML, CSS, C++, MongoDB, SQL

- Designed and developed a responsive EdTech web application incorporating gamification mechanics — points, badges, leaderboards, and progress tracking — to improve student engagement
- Built the frontend interface using HTML and CSS, ensuring cross-device compatibility and intuitive user experience
- Integrated MongoDB to persist user profiles, quiz scores, badge awards, and session-level activity logs
- Implemented an SQL-based analytics module to surface learner performance trends and course completion metrics
- Collaborated in a team environment following an iterative development workflow from requirements to deployment

TECHNICAL SKILLS

Programming Languages: C++, SQL

Web Technologies: HTML5, CSS3

Databases: MongoDB, SQL (Relational)

Tools & Platforms: Git, GitHub, VS Code

Soft Skills: Problem Solving, Team Collaboration, Rapid Learning, Communication

ACTIVITIES AND COMMUNITY INVOLVEMENT

Participant — Unnat Bharat Abhiyan

Government of India Rural Development Initiative | ABES Engineering College Chapter

- Contributed to technology-driven rural development projects aligned with the national programme objectives
- Collaborated with interdisciplinary student teams to diagnose community challenges and prototype technology-based solutions

ADDITIONAL INFORMATION

Interests: Social Media Management, Video Editing, Graphic Design

Languages: Hindi (Native), English (Professional Working Proficiency)

Currently Learning: JavaScript, React.js, Full-Stack Web Development
