TECHNICAL SKILLS

HTML CSS C++
SQL MongoDB Git
VS Code

SOFT SKILLS

- Problem Solving
- Team Collaboration
- Quick Learner
- Communication

INTERESTS

- Social Media Management
- Video Editing
- Graphic Design

LANGUAGES

- Hindi — Native
- English — Professional

Rahul Singh

Computer Science & Engineering Student · Aspiring Software Developer

PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate at ABES Engineering College with a strong academic record (CGPA 8.36) and a passion for building functional web applications. Proficient in frontend technologies and backend data management with hands-on project experience in gamified EdTech solutions. Eager to contribute to innovative tech teams while continuing to grow through practical learning and collaborative development.

EDUCATION

B.Tech — Computer Science & Engineering

2024 — Expected 2028

ABES Engineering College, Ghaziabad, Uttar Pradesh

★ CGPA: 8.36 / 10

- Relevant Coursework: Data Structures & Algorithms, Database Management, Web Technologies, OOP with C++
- Active participant in technical clubs and community outreach initiatives

PROJECTS

🎮 Gamified Learning Platform

2nd Year Mini Project

An interactive EdTech web application designed to make learning engaging through game mechanics such as points, badges, leaderboards, and progress tracking.

- Developed responsive UI using HTML & CSS, ensuring seamless experience across devices
- Integrated MongoDB for storing user progress, quiz scores, and achievement data
- Implemented SQL-based analytics module for tracking learner performance trends
- Designed a badge and reward system to improve user engagement and retention
- Collaborated within a 2-person team, following iterative development practices

HTML/CSS MongoDB SQL C++

ACTIVITIES & INVOLVEMENT

🏠 Participant — Unnat Bharat Abhiyan

Government of India Rural Development Initiative · ABES Engineering College Chapter

- Contributed to technology-driven rural development projects under the national programme
- Collaborated with cross-functional teams to identify community challenges and propose tech solutions

CERTIFICATIONS & LEARNING

- Currently pursuing self-paced courses in full-stack web development
- Actively building skills in JavaScript frameworks (React.js) and backend APIs
- Exploring UI/UX fundamentals through graphic design practice
